NovaShield

NOVASHIELD® 250 SERIES

NOVASHIELD® RU10-6 & RB10-6

NovaShield 250 series membrane structure fabric is a medium weight premium coated woven fabric with enhanced UV protection.

The proprietary coating on IPG® manufactured material contributes to easy cleaning, quick snow removal and is naturally resistant to mold so you can feel confident when storing your protective cover in the off-season. IPG offers a great selection of colored fabrics that have the same light weight and strength Novashield is known for.

FEATURES & BENEFITS

- Enhanced UV protection for long service life
- High strength-to-weight ratio
- Wider widths (up to 144") means fewer seams and lower manufacturing costs
- Proprietary coating enhances abrasion resistance, flex resistance, seam strength and longevity
- Dirt repelling LDPE coating
- 5 year warranty
