PE8

PRESERVATION TAPE

IPG®'s PE8 polyethylene tape, also known as "hull tape", is a six (6) months UV resistant, high performance, durable, moisture resistant sealing tape manufactured to withstand the most demanding conditions. The PE8 is designed to adhere to a variety of surfaces and otherwise difficult-to-bond materials, such as dusty or similarly contaminated surfaces. With clean removal, it is designed not to leave residue from such surfaces, including ones that are gel-coated. It is commonly used in transportation, marine & composites applications, as well as temporary outdoor storage due to its excellent weatherability. For patching and repairs, bundling and wrapping applications, sealing, and separation of dissimilar metals, seaming or sealing PE films, color coding and identification.

FEATURES & BENEFITS

- Tough, conformable and flexible
- 6 months UV resistance
- Excellent adhesion to polyethylene films and other surfaces
- Moisture resistant
- Hand tearable
- High tack
- Clean removal
- Waterproof
- Wide temperature range
- Lasts longer than standard shrink tape
- Resistant to staining, common lubricants, and strippable coatings
- Blends well with film and coverings

WARNING: Although preservation tape is designed not to leave residue, the adhesion is very strong to many surfaces. Preservation tape is NOT recommended for use on a surface for over 60 days. Adhesive residue will occur.

PRODUCT ATTRIBUTES

Style	Backing	Adhesive	Thickness	Adhesion to Steel	Tensile Strength	Application Temp. Range	Operating Temp. Range	Color
			mils (mm)	oz/in (N/25mm)	lbs/in (N/25mm)			
PE8	PE film	Synthetic Rubber	9.0 (0.23)	90 (24.6)	23 (100.7)	+45°F to +120°F (+7°C ~ +49°C)	+20°F to +200°F (-7°C ~ +93°C)	White

PRODUCT APPLICATIONS

- Patching
- Sealing
- Bundling & wrapping
- Splicing & surface protection
- Exterior paint masking
- Wire hold-down
- Seaming PE sheeting
- Closing waste disposal bags
- Floor marking
- Fork lift tire repair
- Tarp repair
- Carpet seaming
- Taping over paint-sensitive surfaces, areas with decals, stickers or labeling

MARKETS

- Marine Preservation
- Outdoor Storage/Preservation
- Transportation
- Exhibition & Convention Center
- Manufactured Housing
- Foundation Seaming
- Clean room
- Agriculture Supply
- General Maintenance
